

ICONIC SANTORINI

Iconic bills itself as a boutique cave hotel, but as beautiful as its 22 residences are, we don't think you'll be spending much time in your cave once you see the hotel's outdoor infinity pool with jetted tub seating. There's also an indoor grotto pool at the spa for the true cave-dweller in you. Rooms and suites feature private terraces, Aesop products and some have private indoor or outdoor grotto pools, too. On the lavish side of things, the Iconic Suite has both an indoor and outdoor pool, plus plenty of sunny lounging space on plush daybeds and an outdoor couch (with stunning views, of course).
